#### SAYS DRINK LEMONADE FOR RHEUMATISM

Relief from rheumatism and sciatica can be obtained by drinking lemonade and avoiding alcoholic drinks.

To get rid of this stubborn disease, however, to stop the twinges, pain and swelling, and drive the poisonous accumulations from the joints and muscles, all generously-inclined druggists will tell you to take half a teaspoonful of Rheuma daily until all misery ceases.

Rheuma is a powerful remedy, because only a powerful remedy can overcome such a terrible disease; but Rheuma acts speedily—the first dose taken and you'll know that you will soon be your healthy, happy self again.

The Red Cross Pharmacy and all druggists know what Rheuma will do, for they sell a great deal of it and guarantee that two 50-cent bottles will overcome rheumatic agony or money back.—Adv.

#### ABOUT THE STATE

HAPPENINGS OF INTEREST FROM DIFFERENT SECTIONS

Rutland's new rifle club has 30 members.

A class of 74 is to graduate from the Rutland high school in June.

Charles Boynton of Coventry got his feet badly scalded recently when boiling sap was spilled on them.

The inmates of the state prison are to give a band concert and vaudeville performance the evening of April 20.

E. W. Oakes, for many years superintendent of the state prison, is very ill at his home in Woodstock with erysipelas.

H. E. Bissell, who managed the Lake Dunmore hotel at Lake Dunmore for several years, has leased Greystone lodge at Antrim, N. H., and will go there soon for the summer.

An auto party of six, who left Pittsfield, Mass., Thursday for Burlington, got as far as Shufsbury and became so mired that they had to turn back and abandon the trip.

Jesse Taggart trapped two lynx on Pond hill in Poultney last week and the skins brought \$5 each. One was nearly four feet in length and the other about three feet.

A freak calf was born recently at the farm of W. H. Dean in Brandon, which had a double head, with two perfectly formed mouths, four eyes and three ears. The animal lived but a short time.

As proof that the ground was little frozen through the winter, Bronson Mattison of Bennington was showing Thursday a bushel of potatoes which he dug this week. The potatoes, which had been in the ground four months, were in excellent condition.

Charles Dumas, who has a brother in Springfield, and who lately returned from France after a two years' service in the wireless corps of the French government, has entered the service of the United States. He will be in training for a time at a wireless station in Virginia and then will be sent to join the wireless corps in Mexico.

Mrs. C. Claris of Coventry, who knitted a scarf about a year ago, which she sent with other articles to the soldiers of the European war zone, has received a letter from the man who received the scarf, dated Volon, March 16. The man had been wounded and was in a hospital when the letter was written. His home and family were in the invaded French country and he had not seen them since the beginning of the war.

The Brattleboro Baptist church, at its annual meeting a few nights ago, found that during the year past it had expended \$10,488, the largest sum in the history of the church to be expended in one year. The church is also without debt. Two hundred and twenty-five persons attended the annual supper and this year's work started off with great enthusiasm. The church has a membership of 616, an increase of 88 during the year. The Sunday school membership is 612, including the cradle roll and home department. The woman's missionary and aid society raised \$748. On the occasion of the recent every-member canvass, the pledges included 81 new subscriptions and persons pledging heretofore increased their pledges by \$514.

#### Allege Other Creditors Preferred.

Robert G. Coombs of Guilford, a merchant, is an absconding debtor, according to Manley Bros. and Lovell & Brown of Brattleboro and A. W. Durgay of Dummerston, who have filed a petition in the office of Clerk F. S. Platt of the United States court, asking that Mr. Coombs be alleged bankrupt. Manley Bros. claim an account against the man for \$280, Lovell & Brown for \$244.47 and Durgay for \$193.37. They allege that the Guilford man committed an act of bankruptcy in March by transferring to the A. I. Root company of Medina, O., property in this state to the value of over \$2,800 and that in the present month he gave Earl M. Nichols of Colrain, Mass., preference over other creditors by mortgaging property to him. It is alleged that Mr. Coombs has not been at his place of business nor his home for several days. H. E. Eddy of Brattleboro is attorney for the petitioners.

#### Resigns After 31 Years' Service.

Jay Read Pember, for more than 31 years clerk of the Windsor county court, has retired and will be succeeded by his son, Karl Pember, who has been an assistant in his father's office.

Mr. Pember was born in Randolph, 74 years ago, a son of the late Dr. Jacob R. Pember. He has lived in Woodstock since 1878.

Mr. Pember graduated from Dartmouth in 1862. He then went to Boston and took up stenographic reporting. He remained in Boston about 10 years and during this time did some work for newspapers.

He was reporter in the New Hampshire House of Representatives for the combined local daily press in 1864 and one of the official reporters of the Illinois legislature in 1869. He was one of the five official stenographers of the Republican national convention which nominated General Grant at Chicago in 1868.

He has had much experience in the New York and Chicago courts and reported many important cases and hearings throughout New England. He has served as official reporter in the courts of nearly every large county in Vermont and New Hampshire.

Mr. Pember married in 1886 Alida Goodwin of Milwaukee. They are planning to observe their golden wedding next September. They have two children, Mrs. Frederick A. Wilson and Karl A. Pember, both of this village.

# Yes! A Sensible Cigarette and you can prove it!

As a matter of fact, there are several sensible cigarettes on the market today.

Fatimas aren't the only ones.

You can figure for yourself what a sensible cigarette is:

First—it must please your taste.

Second—it must be cool and comfortable to the throat and tongue.

Third—it must leave you feeling good and snappy even after you have smoked more than usual; no heavy or "heady" feeling—no grouch at yourself for having smoked too much.

On the second and third points Fatimas ring the bell every time.

On point No. 1, the taste—that is strictly up to you. Most men like the taste of Fatimas so well that they outsell any other cigarette costing over 5 cents.

But tastes differ and Fatimas may or may not taste as good to you as to all these thousands of other men.

You can't tell about that, of course, until you try Fatimas. That's the only way to prove how SENSIBLE they are. Try out a package today and prove it yourself.

Liggett & Myers Tobacco Co.

FATIMA was the Only Cigarette Awarded the Grand Prize, the highest award given to any cigarette at the Panama-Pacific International Exposition.

### TWO TESTS FOR ANY CIGARETTE

The taste of the cigarette—according to a leading tobacco journal—is up to the smoker. But there are other qualities that you should look for in the cigarette that you are going to stick to for your steady smoke. Here are a couple of tests that may help the average smoker to choose more wisely between different kinds of cigarettes.

The first test is for coolness, which means more comfort to the throat and tongue. Light any cigarette. Draw in a cloud of smoke—a small, ordinary puff is sufficient to make this test. Hold it in your mouth for a few seconds. Let it "beat" around against your tongue and throat. Now blow out the smoke.

If the cigarette contains a high grade of mild tobacco leaves, combined in just the right proportion, it will always feel COOL and smooth both to your throat and to your tongue.

On the other hand, if the proportions are not right and if the cigarette contains

inferior grades of tobacco or hidden strands of rank, city leaf, you will feel a nipping sting at the tip of your tongue or that "sandpaper" tickle in your throat.

Test number two—How do you feel after smoking all day?

If the tobacco in the cigarette includes a correct proportion of mild grades—and if all of the various grades have been properly mellowed by age—and if they have been so blended as to bring out the best qualities and to neutralize any unpleasant qualities in each of the different types of tobacco, you will be able to smoke practically whenever you feel like it through the day without feeling any effect from it.

But with another cigarette in which the blend is less skillful, even though the tobacco is of the highest grade, you will find along towards the end of the day that you are likely to have that feeling of having "smoked too much."

Clip out these tests and try them on Fatima

# Quaker RANGES

## Since 1854 Quaker Ranges Have Stood the Test of Daily Service!

### A Record That Is Without Comparison

To have commanded public confidence all these sixty years is indeed a proud distinction, but greater still is this fact—Quaker Ranges represent the surest and best ideas of modern range development. That is why the Quaker Range today, like the Quaker Range of old, commends itself immediately to so many buyers. Stately in its simplicity, nothing is lacking that will add to ease and certainty in baking, and what is just as important, nothing is added for appearances—that may hinder rather than help.
